

NATIONAL COUNCIL OF EXCELLENCE AWARD

DEADLINE TO APPLY: FEBRUARY 15, 2024

3 Steps to Becoming a Middle Level National Council of Excellence

All NatStuCo member councils should aspire to become National Councils of Excellence and your council is only 3 steps away.

- Compile and organize a collection of photos, samples, and other evidence demonstrating your council's meeting the award criteria, and ID two or three projects that will be entered as part of the online application.
- Meet with your principal to present the NCOE portfolio for the principal's review and validation of your council meeting the award criteria needed for recognition.
- Complete and submit an online NCOE application.

Important: All council activities and projects submitted for the 2024 NCOE Award must have taken place between January 1 and December 31, 2023.

Step 1: Review the Award Criteria Checklist and Build Portfolio.

- The Award Criteria checklist is organized into Required Evidence and Additional Evidence. Councils applying for the basic NCOE award must meet all of the Required Evidence. NCOE Gold recognition requires that a minimum number of Additional Evidence also be met.
- Use the checklist to identify and track the criteria that your council meets and to help organize your portfolio.
- Councils should create electronic or notebook-style portfolios in which they compile and organize evidence of meeting the award criteria.

Step 2: Present the Portfolio to the Principal.

- The council adviser and student members meet with the principal to present and review the completed portfolio. Be prepared to explain and respond to any questions the principal may ask.
- The school principal must affirm that the student council has included evidence of meeting all required indicators and, if applying for NCOE Gold, any additional indicators before the council completes an online application.

Step 3: Complete and Submit the Online Application.

- Designate one adviser or student with a verified NatStuCo account to complete the application on behalf of the student council. Once started, the application can only be accessed and submitted by the user who started it. The application may be accessed for review and editing at any time prior to submission.
- Sign into the online application portal using the same login credentials as for the NatStuCo website and complete all required steps.
- The adviser and principal provide their reflections on the council by responding to several questions via an email with a unique link that is created by the application program. Both will receive emails when the application is being completed by a student.
- Make a thorough review of the application once the applicant, adviser, and principal have completed their sections of the application.
- Log into the application portal and click the submit button. An application cannot be accessed by the user after it has been submitted.

*Councils submit only their completed online application. NCOE Portfolios remain with each council to serve as evidence of their achievement and an archive of their activities.
